# YOUR MESSAGE RIDES ON US

mediapeel.com • 877-525-MEDIA

The Mediapeel® Mobile Media Trucks offer a unique way for your company to connect to its target audience on the go. These mobile billboards will engage customers throughout the day and night with captivating features such as: Scrolling boards, Nighttime illumination, Display room, Audio announcements, FM transmission, Street Team, Custom or Standard routes, and GPS tracking system.

Vitamin C for Your Marketing

## FEATURES

- **THREE SCROLLING BOARDS**

Your message will display on all three sides of our mobile media trucks. These high quality boards are crystal clear and can be stored away for future campaigns.

- **NIGHTTIME ILLUMINATION**

Our back-lit technology creates a vivid image at night.

- **DISPLAY ROOM**

Like storefront windows, you can display a promotion inside of our trucks.

- **AUDIO ANNOUNCEMENTS**

Send out an audio announcement through our trucks' high quality 800-Watt Pioneer speakers and make your message even more noticeable.

- **FM TRANSMISSION**

Captivate your audience by creating a radio station that transmits up to a 1,000-foot radius of our truck. Then, advertise the radio station on your graphic.

- **STREET TEAM**

We'll park the truck in a crowd, draw attention and spread your word with our energetic and enthusiastic Street Team.

- **STANDARD OR CUSTOM ROUTES**

For each time slot, we've developed a set of generic routes that passes through logical high-traffic areas. If you prefer, we'll drive a custom route tailored to match your specific needs.

- **GPS TRACKING SYSTEM**

Track your message as it travels through traffic.
